An Adoption Love Story

We would like to thank you for allowing us to adopt Mac in November 2007 and Molly-Ann in April 2008. Both dogs have brought our family much joy and love.

Dan's parents were both admitted to a nursing home with Alzheimer's disease. Mac, a German short hair, has completed obedience school and has been visiting the nursing home weekly with us since January 2008. The second week that we visited with Mac, the nursing staff started bringing residents to him. He loves to visit and comfort them. He stops at every wheelchair going down the hallways and is called into rooms by residents and their families. Mac has learned four tricks: sing a song, shake hands, speak, and roll over. He enjoys performing these tricks to residents and staff.

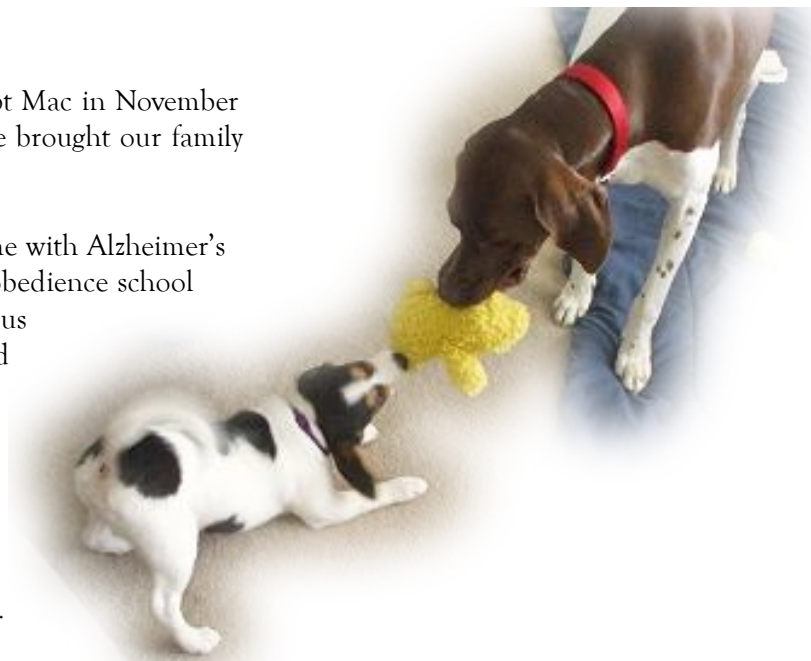

One particular resident, a teenager who is very ill and paralyzed from the neck down, was unresponsive for weeks.

His nurse Sharon asked if Mac could visit him. Dan held Mac up over the bed next to the young man so he could see Mac. Then Mac sang a song for him and the he smiled for the first time. His mother was overcome with gratitude. Mac visited him each time we went until he was moved to another facility close to his home on Lake Michigan.

We consider ourselves very lucky to have Mac. We love him dearly. At home, Mac enjoys playing with us, going on walks, and running and playing in our yard. He has played with dogs from our family and friends, but since we adopted Molly-Ann (Garmin) in April, he doesn't have to wait for a playdate to have that kind of special fun.

Even though there is a considerable size difference at this time, Mac and Molly-Ann have bonded. They eat

together, take naps together, and play inside and outside together. Molly-Ann copies Mac and is already learning to sit when asked. They are special to us and to each other. Mac is Molly-Ann's guardian. We have caught him holding her while napping and putting his dry food on the floor for her to nibble. They love playing with each other. It has been a really special experience for us to watch them adopt each other.

Molly-Ann has a warm, loving personality, but she can get sassy when playing with Mac. She doesn't take any gruff from him and can hold her own. We will take Molly-Ann to the nursing home when she is ready. She loves to cuddle, and the residents will enjoy her.

A special thank you goes to Sara, Tracy, and Ann G. for rescuing these two dogs for us to love. Thank you, Ann G., for allowing us to adopt Mac who has started us on a new and unexpected chapter in our lives. And to all the SOS members, thank you so much for all the work you do with your animal rescue efforts.

We cannot imagine our lives without these two little ones you've given us.

from Dan & Susan Darland

(see charts).**

Finding a Lost Pet

When your beloved dog or cat strays from home, it can be a traumatic experience for both of you. Here are some tips that we hope will help you find your pet.

Contact local animal shelters and animal control agencies. File a lost pet report with every shelter within a 60-mile radius of your home and visit the nearest shelters daily, if possible. If there is no shelter in your community, contact the police. Provide these agencies with an accurate description and a recent photograph of your pet. Notify the police if you believe your pet was stolen.

Search the neighborhood. Walk or drive through your neighborhood several times each day. Ask neighbors, letter carriers, and delivery people if they have seen your pet. Hand out a recent photograph of your pet and information on how you can be reached if your pet is found.

Advertise. Post notices at grocery stores, community centers, veterinary offices, traffic intersections, online at www.pets911.com and www.findtoto.com, pet supply stores, and other locations. Also place ads in newspapers and with

radio stations. Include your pet's sex, age, weight, breed, color, and any special markings. When describing your pet, leave out one identifying characteristic and ask the person who finds your pet to describe it.

Be wary of pet-recovery scams. When talking to a stranger who claims to have found your pet, ask him to describe the pet thoroughly before you offer any information. If he does not include the identifying characteristic you left out of the advertisements, he may not really have your pet. Be particularly wary of people who insist that you give or wire them money for the return of your pet.

Don't give up your search. Animals who have been lost for months have been reunited with their owners.

A pet, even an indoor pet, has a better chance of being returned if she always wears a collar and an ID tag with your name, address, and telephone number. Ask your local animal shelter or veterinarian if permanent methods of identification (such as microchips) are available in your area.

Fashionable Fund-Raiser

SOS and Couture invite you to "Fashion for a Fix." On Friday, August 1 from 4:00 to 7:00 p.m. at Couture (132 E. Main St., Downtown Midland), 20 percent of all sales will be donated to the SOS spay/neuter fund. Everyone wins with a free 10-minute wardrobe consultation. Enter for a chance to win a full wardrobe consultation, Couture gift certificate, and discount toward a future purchase at Couture. Join us for this fashionable fund-raiser.

THANK YOU!

Bennigan's, Big Boy, and all of their employees
for sponsoring **SOS Animal Rescue night in their restaurants!**

PetSmart, Soldan's, and our veterinarians
for distributing flyers for this event.

Community support such as this enables us to continue our spay/neuter program in Midland County. We have doubled our requests since last year and hope to continue to grow and assist more animals. We are rapidly approaching the 1000th pet to be spayed or neutered through this program.

Gray 4-H Group
for making **cat scratch posts.**

The posts will be used in our foster homes. The posts are also given to families who are nearly ready to get rid of their cat for destroying their furniture.

Providing the cat with an appropriate place to scratch prevents another pet from becoming homeless due to unacceptable behaviors.

Cook Elementary School
for hosting **fund-raiser and donating money.**

Generous donations like this allow us to purchase educational information for distribution in the community, provide food and medical care for homeless pets, and provide spay/neuter assistance to low income families. Your thoughtfulness is appreciated and many cats and dogs will benefit from your donation.

E-News

Help us to save more money for the animals by allowing us to e-mail our newsletter to you instead of traditional mailing. Drop a note to sosar@charter.net and we'll add you to the e-mail distribution list.
